Episcopal Bishop's Consecration
David Rea Cochran
Fourth Bishop of Alaska
two--1200' reels
one - 400' reel

Affixed are programs to the consecration and to the following reception.

It was necessary to change tape in the middle of the Consecration ceremony itself; due to an anticipated shortage of tape, some portions of the post communion chanting and music were eliminated.

The consecration was taped on the two 1200' reels. The small 400' reel contains Bishop Cochran's address at the reception in the Fine Arts Bldg. Great Hall.

The ceremony was video-taped by a member of the church, Mrs Charles Parr, for the church, but no other reel-to-reel tape of this event was made, which seems to me to have historical significance.

Eskimo and Indian songs and dances were performed after the reception, and some of these are on the 400' reel.
