2/2/01

H 2001-02-05/06

This interview was conducted at Virginia Pete's home in Taglia. Her grandson was present, a young boy of 3 or 4, Gloria Stickwon (her sister?), Dave Kruger, Bill Schneider, and Ruth Ann Worden of the Park Service. Virginia ~~had been~~ ^{was} selected by the village Council for the interview. Gloria works for Copper River Waters Association and ~~has been involved with~~ an letterhead

documentation. Virginia is a little hard of hearing but she understood all of the questions and ~~for~~ she does a good job ~~in this interview~~

Stopping the interview developing ~~them~~ ^{answers} to the questions and presenting important themes such as the Army occupation of Dry Creek and how her family was forced to move out - without compensation.

Virginia now lives in a neat little house set back from the highway. Her headwork is set out on a side table and there are several historic pictures ^{and lots of recent ones} on the shelves and walls.
