Subject: Videotapes

Hi Robyn,

You weren't in this morning so I left on your desk 2 videos that are a recording of a gathering folks held to celebrate Ginny Wood's 88th bday on Saturday. They did a little powerpoint presentation and then folks got up and said things about Ginny. They wanted it recorded to go along with the other recordings bill and I did of Celia Hunter and Mardie Murie's memorial gatherings. I tried to film the powerpoint slide show, but I don't think it came out very well. I have a print-out of the images, but am going to ask roger kaye for a cd of the presentation to go into the archive with the recording. I also have a program type thing they handed out with a picture of ginny on it, that you might want to accompany the recording.

I also left you the release form we had folks sign. We don't have Ginny's signature yet. I will go get that from her. I would like to take a VHS copy of the tapes with me when I go see her, so can you get the 2 tapes I left you transferred to one VHS tape as a comp copy for Ginny. While they are at it they can make a second tape, because I spoke to someone at the event who wanted a copy. I told them they'd have to purchase it, but figured we might as well make the copy at the same time.

Thanks, Karen
