

Dear Participant in the original Nome Communities of Memory Project,

Ten years ago you participated in the Nome Communities of Memory Project. We would like to use your testimony in a new Web based program that will allow people to learn about Nome and the people who live here. At this point, the project will only feature a small number of people (5-6) but we are hopeful that when people see the finished work that we will be able to get more funding to expand to more testimonies. The important thing now is to work out the technical problems and to demonstrate some of the richness of the stories that are told in Nome.

If you do not want to have your recording as part of this new project please let us know and we will honor your request. If you agree now and then later change your mind, we will remove your testimony from the program.

If you would like to learn more about our efforts to put oral history on the Web, please have a look at our site: www.uaf.edu/library/jukebox . Please indicate below if you are willing to be included in this project. Thank you for your consideration.

Sincerely,

William Schneider
Curator of Oral History
Elmer Rasmuson Library
University of Alaska Fairbanks
