Dear Della:

In continuing our legacy finding aid update project, I came across the enclosed materials. As you have the Gruening papers, it seemed logical that you should have these and not us. So I hereby transfer them to you along with any rights that may have been given to us. I've also enclosed a copy of our original collection inventory and the extant paperwork we have regarding the gift of the materials to us. I do not know if the condition note in the original inventory is accurate.

You are now in possession of everything I have on this set of tapes! I hope they prove useful within your collections. I'm not sure why my predecessor didn't direct Mr. Ross to your collections in the first place, but I'm glad to be remedying it now.

Sincerely,
