

Reel 5

More violin playing. With a couple time outs for another round of the bottle of Calverts. By this time Ben loosened up (and his audience loosened up quite a bit, too!)

Ben says his father was Irish and his mother Scotch. Alaska Linck asks him if he knew Alabam Labito. He did. Guess Alabam was quite a character. Parker says the only thing he could play was the gulibility of the public. Alaska said she had a picture of Alabam playing the banjo. Ben says he couldn't play a thing. Alaska asks Ben if he knows Grace Lowe. "She was a bad girl" Ben said. Knew Andy Warwick. Talks about the Miller family (Emma Miller married to Warwick). Ed Young? Yes, Ben knew him and flew to Livengood with him a couple times. Young crashed at Livengood.
