Dear Ms. Pease,

We are pleased to have your taped interview with Craig Mishler as part of our collection here at the Oral History Program, Rasmuson Library. Recently library patrons have expressed interest in listening to this tape. Ordinarily our patrons are allowed to borrow copies of our tapes for use in research and scholarly publications as well as simply to enjoy listening to.

Our records indicate that we do not have a signed release form from you. We contacted Craig who said that he had written to you asking you to let him know if you had any restrictions you would like placed on the taped interview. Because you did not indicate any restrictions we have allowed patrons to listen to the tape, but we did not give permission to quote the tape or to use it for research purposes. We would feel more comfortable allowing patrons to use the tape for research and publication if we had a signed release form from you. This seems like a good opportunity to let you know how oral history tapes are used here at the Oral History Program, as well, so I have enclosed an information sheet along with a Gift and Release Form which I'd like you to sign. If, after reading the form, you have any questions, please call (907) 474-6672.

Thanks for your part in contributing to the documentation and preservation of Alaska history.

Sincerely,

Peggy Ash
