Dear Bill,

I am pleased to deposit in the Archives copies of the KFAR radio shows titled Meet a Pioneer. I am placing these shows in the University of Alaska, Fairbanks Archives for safe keeping, for the public's listening enjoyment and for the research value which may be gained from listening to them. Researchers may reference recordings and use short quotes (in written form) but may not prepare radio products derived from these tapes.

The tapes are deposited under the following restrictions which will remain in effect until 1996 when the restrictions will be dropped:

1. KFAR maintains ownership of the recordings and reserves sole broadcast rights.
2. The tapes may not be sold to patrons. Requests for copies are to be forwarded to KFAR where the public may purchase copies.

Thank you for your help in preserving an important part of Alaskan history.
