William S. Schneider
Oral History Program
Rasmuson Library

Dear Bill:

With this letter, the Steering Committee for the symposium and workshop on Future Research Needs in Northwest Alaska would like to give to Rasmuson Library's Oral History Program the audio cassette tapes of our recent meeting in Anchorage. We felt that your Archive was the best depository for this material, since you can both preserve this record and make it available to others who may be interested in using it as research material in the future.

We really appreciate the use of your office's equipment to do the recording. It made the actual recording process easy and the results quite satisfactory.

Sincerely,

A handwritten signature in cursive script, appearing to read "David W. Hopkins".

David W. Hopkins, Head
for the Steering Committee: David W. Norton, Wendy H. Arundale, Charles W. Slaughter, David R. Klein, Robert Sattler and David F. Murray.
