Dear Colleague:

The Alaska Women's Commission has received funding to complete a resource guide on all materials published about Alaska women between 1896 to the present, and we need your help.

Many university libraries or history departments in the Lower 48 states have extensive collections of Alaska history -- collections that are not necessarily available in Alaska. Our effort to compile a complete resource guide would be greatly enhanced if we could include as many of these collections as possible. If you or your organization know of any books, magazine articles, historical studies, or audio-visual works on the subject of Alaska women -- but not necessarily done by an Alaska woman -- would you please contact Roberta Graham, project coordinator, at the Alaska Women's Commission.

Since the Commission's project is a compilation of sources, you or your organization will be listed in the sources section if you have substantial information to donate. The project must be completed by May 31, 1985. We would appreciate your earliest assistance.

Sincerely,

Roberta Graham
