Dear Peggy,

In answer to your request concerning use of the Alaska Gold Trail tapes, I created the show and have full authority over the tapes.

It is my intention that the tapes be used as a contribution to the UAF library archives, for purposes of historical reference. It should be understood that a book is currently being prepared, based on the tapes, and I would not like the book jeopardized. Otherwise, I hereby release the tapes to the UAF library to use as best serves the University.

Best Wishes,

James A. Madonna
