Dear Ms. Yee,

We are currently processing a backlog of oral history audio- and videotapes, including a videotaped interview you made with Hugh Walker and an audiotape of your interview with Dr. Kurt Vitt. However, we need your permission in order to make these tapes available to students and researchers. I am enclosing a copy of our Gift and Release Agreement for each of your taped interviews. We would appreciate it if you would sign these forms and return them to our office.

Additionally, we need to know if you obtained written release agreements from Mr. Walker and Dr. Vitt when you did the interviews. If you did, then your signature on the Gift and Release Agreements is all we need in order to allow public access to this material. If you did not get written releases, would you provide us with addresses for Mr. Walker and Dr. Vitt? We will need their permission to make the tapes available.

Thank you for your help. If you have any questions or concerns, please don't hesitate to call or write to us. We are really pleased to have these tapes and look forward to making them available for scholarly research.

Sincerely,

*Peggy Asbury*
