GENERAL FEDERATION OF WOMEN'S CLUBS
 Women's History and Resource Center
 Oral History Project
Interview Agreement

The purpose of the General Federation of Women's Clubs (GFWC) Women's History and Resource Center Oral History Project is to preserve GFWC's tradition through "oral histories" gathered by tape-recorded interviews. Tape recordings and transcripts resulting from such interviews become part of the archives of GFWC upon creation of or receipt by it. This material will be made available for historical and other academic research by scholars.

This is an agreement between the General Federation of Women's Clubs (GFWC), 1734 N Street NW, Washington, D.C. 20036, and each of the undersigned persons referred to herein as interviewee and interviewer and the GFWC of Alaska.

In consideration of having the oral history information provided by interviewee and interviewer, and including the tape recordings and/or transcripts containing such information, become part of the archives of GFWC and GFWC of Alaska, and for other good and valuable consideration, interviewee and interviewer each agree to assign to GFWC and GFWC of Alaska all right, title and interest in such information and the tape recordings and/or transcripts containing such information; provided, however, that nothing in this agreement shall prohibit either interviewee or interviewer from using the information for their own non-commercial purposes.
