

12/4/99 Interview with Don Creamer
Context Setting

Setting: ADF+G Headquarters bldg. - conference room
quiet, w/ pictures of Creamer's Field on the wall
interviewer sat across table from Don, behind the camera

Relationship: Don had never met me before, and I'm quite
a bit younger, so he acted like a teacher
talking to a student

Reason for choosing Don: oldest surviving member of the
Creamer family, and he used to own part
of the dairy - best source of information

Influences: I heard Don's health is failing - he has a
cold that he can't get rid of, but he seemed
fine

Distracting Influences: Mark Ross ~~tried~~ to assume
interviewer's role

Interviewer is Julie Svetlik
